Dear Casey,

It was great seeing you last wk. If I'd had known they weren't taking you out of the courtroom during the recess, I'd never have left. What a great surprise to see you when I came back in. Thanks for having Jose acknowledge Donna & Helen. They have been my life line this past yr & a half. They started being my church family & now Donna is like a sister. She remembers meeting you with Cuyler at Adam Lynch's grandma's condo @ Cocoa beach. Donna & Sarah are great friends. Sarah & I have become friends as well. I've gone out with her & Chuck. Adam is living outside of Gainesville as a firefighter. His brother just had a son a few months ago. The baby is so cute - Sarah showed me pictures. He was very fond of you. I'm not sure if you would remember Katie & Kyla Cox they are Donna's ~~blended~~ girls. Katie is Mallory's age, Kyla will be 22 soon.

It's funny because Donna is a good friend of Sherri Chancellor's. They were @ Justin's graduation party. We probably met them a long time ago.

Small world. Dee & Donna's ~~off~~ son Dustin went to Colonial at the same time. They were friends.

Dad & I just got back from visiting Aunt Ruth & Uncle Basil. Lexi graduated 2 wks ago from college & Lil Basil just graduated Sat. from High School. We went to their open house on the 15th. Got to see all the Eddip & aunt Sonnie & Tracy's <sup>20161</sup> James

We had a lot of fun. Grandma & Grandpa A. just spent the night with us on their way back home. We had a nice visit with them & Gee & Mal. On our way home from aunt Ruthie's we stopped to see Shane. We got to go to his Sunday morning service just wk. They are doing great & they all send their love to you. including all of the family. Dad & I just spent just Thurs. with grandma P. & grandpa P. They both are doing well.

I picked up your clothes last Fri from Joe. Cried when I saw your grey pants & white blouse. I remember our last hug in that outfit (10-14-2008) I wish I knew what size pants to get you. Tell Joe which ones get you the best and I will try to get you some more. You look so good. & thanks for my compliment. Still not sure if I want my hair long or not. but I might as well let it grow until I absolutely hate it. I love seeing your hair long.

So I understand that the jail & the Sheriff's office think I committed mail fraud. They must think I'm really STUPID. Why would I send you a card and put another address beside mine on it. What purpose would that serve? None!

Did you tell you that I freaked out when I saw  
the SWAT team in court last month? He said  
they are always with you. I was worried that there's no  
treats on your life, you are finally being taken seriously.  
I swear there are maniacs out there. I hope  
they step up security next year, for all of us. It's going  
to be nuts. Hopefully by then somebody will actually  
look at the evidence and clearly see that they need to be  
looking for ~~the person~~ <sup>real</sup> that took our Caylee. I still think  
they need to find out how Leonard knew Caylee was going  
to be found 2 days before it happened. (BTW I'm  
not convinced it was Caylee.) I think it was all  
staged and Leonard knew something was going to  
happen. Why else did he fly here on Tues &  
Thursday was when Krock went back into  
the woods. Funny this time he was too shook  
up to call the police himself. Didn't stop him  
in August to call 3 times & not be upset  
in fact was humming. Still very fishy. Somehow  
it's all linked together. Too bad the Sheriff's office  
was too busy building a case against you that they've  
overlooked all the facts that nothing has tied you  
to the sight @ suburban drive. One big cover up.  
to cover up Shoddy police work. At least some of  
the great reporters are not buying all the BS that  
was shoveled to them. Many are looking on their  
own, and are seeing that all they have is a theory and  
20163

nothing to back it up. My understanding there (4)  
is still an investigation but I think they're  
still trying to find some proof you did it. Don't  
they understand you can't find something on someone  
if they didn't do it. Never searched Rick's  
car - which they should have. Caylee's blanket  
and that pink shirt was in his apartment.  
and since I hadn't seen either of the items  
I'd thought they would have checked his place  
for the fibers they never found in your car. &  
Why didn't they search Jesse's truck. I told  
them Jesse was driving another vehicle for  
about 1 wk. after he knew I ~~was~~ suspicious  
when his truck matched one of the tips in  
July. Why would Jesse pose as a  
deputy on Caylee's disappearance and set up  
an appt to meet a tipster in Georgia only  
to cancel 5 min away from the meeting  
& lie about being late for his niece's  
3rd birthday? He clearly doesn't have a  
niece and Caylee's 3rd birthday was a matter  
of days away. He went way out of his way,  
far to back out after she described the truck &  
the 2 men that she saw. I guess he was  
afraid she would ID him.

You Stay Strong Casey. Many many people  
believe in you and are trying to get to the truth. 20164

not everyone has been brainwashed and not everyone is trying to cover his/her ~~ass~~ butt.

There is a lot of deputies that disagree with what went on in 2008 re: you & Sup. I have faith it won't be long before someone breaks their silence and Sup enough is enough. There is still a lot of good people who believe in doing what is right. (Sorry its late & I am having a hard time seeing this blue paper.)

Oh get this I just found out that Mark N. solicited Teresa Neves (Ron Cummings mother.) She said Mark went to see her and said he could help. Next thing she knew, her & Ron & misty went to Mark's office and the media was there (Surprise! Sounds like our scenario) Mark & Tim M. set misty up. Such a dirt bag trying to get more media attention and solicitation is not allowed. I hope Teresa files a bar complaint. She has nothing to lose.

One of these days Mark will get his just desserts. He is such a sleazebag. God takes care of people who take advantage of people when they are down. Mark is a parasite that lives off of other people's misery. I heard his name to write a book. Tall Tales from 20165

The troll! I know I shouldn't make fun of his size but he is a little man, Now he doesn't have much credibility, He's stooped to the level of J. Morgan with his TV ads & his billboard. Funny how Mark told me once that he would never stoop that low. I guess he finally realized he didn't have to stoop - he was already that low!

On another note, I think now that Judge Perry is on the case Mr. N won't be able to play his games anymore.

I told you that Jesus came to me. Things are changing and God's hand is working. Have faith. I see his little miracles everyday.

I love you.  
Always & Forever

Love  
mom.
